

HYDE ESTATE SALE

The membership of the Pine Tree Society for Crippled Children and Adults have approved the sale of the 143-acre Hyde Estate to the Hyde School.

The action ratifies the decision made last month by the board of directors and makes final the contract for sale.

The Pine Tree Society will relocate its speech and hearing center and state offices elsewhere in Bath but a site has not yet been announced.

The Hyde School will open a summer session in June and a regular session in September. It will be a secondary school with boys boarding and cced day students.

Headmaster is Joseph W. Gauld.
